The University of Tennessee has taken a number of initiatives to promote a safer campus area, and a comprehensive Emergency Management Plan that encompasses planning for incidents such as a pandemic outbreak, criminal activity, or a natural disaster. The UT Alert System is designed for students, staff, and faculty to be notified immediately by text message of an ongoing or active threat on campus. This program is optional and community members must opt in to receive messages. Sign up for the emergency alerts at: www.utk.edu/utalert

Please visit safety.utk.edu for more information on emergency preparedness and occupational safety.
